California Department of Fish and Game Natural Diversity Database

For information about these species or natural communities, or other species or natural communities, or for staff contacts, please see the NDDB website at http://www.dfg.ca.gov/whdab/cnddb.htm

IMPORTANT NOTICE:

This list of species was produced from data presently included in the California Natural Diversity Database (CNDDB). The CNDDB is a positive sighting data base, and our data sets can not be considered to be complete for every species in every county. Therefore, this list must not be considered to be a comprehensive list of all special status species in the county.
